Summary of Major Changes to The CALL

Timeline

Announcements will be made once a week on Friday.

Tenured faculty files not received in APO by the first Monday in May normally will be returned for consideration during the next academic year. Such files will be considered as deferrals and not be considered for retroactive action.

Tenured faculty members below Professor Step V who are at normal time at step will receive an automatic deferral if they do not submit materials by the due date, unless the Department Chair has granted an extension.

Extension Requests

Page 5

If the estimated submittal date is beyond the final date for files to be received in APO (first Monday in May), the extension request must also be approved by CAP (via the VPAP).

Files received after the extension deadline or beyond the final due date (first Monday in May) may be returned for re-submission during the next academic year.

Note: Per past practice, a request for a late submission of the file must be for extraordinary reasons and be approved by the VPAP prior to the final due date for submission to the Dean’s office.
Summary of Major Changes to The CALL

Acceleration

On January 2010, the Acceleration Chart was added to the CALL.

A promotion is not considered an acceleration, regardless of years at rank or step when a candidate is advancing to the "normal" step in the next rank. In cases where movement to a lateral step is possible, the first step above the lateral step is considered the "normal" step. Regardless, departments may always elect to vote on the lateral step when advancement to the lateral.

Voting
Pages 7, 10, 28

Record all votes taken unless the vote for the higher rank and step is unanimous. If multiple votes are taken, the candidate may ask to exclude votes for steps higher than the one s/he wishes to forward.

Note: Bylaw55 & Department Voting Rights must be submitted annually to the Academic Senate for use by CAP.

Merit Reviews for Assistant Professors

Pages 19

A possible outcome of a merit review for Assistant Professors is consideration of non-reappointment. If the preliminary decision is not to reappoint, the procedures as outlined in APM 220-84 will be followed.

If an Assistant Professor does not provide the required material to prepare a merit file, the Department Chair will inform the Dean and the VPAP in writing and detail the circumstances. In the absence of unusual mitigating circumstances, the VPAP will determine whether a recommendation for a non-reappointment should be considered.

Assistant Professors may elect to have their file considered for a reappointment (no change in step/salary) rather than a merit advancement, provided they are not due for a mandatory (7th year) promotion to tenure review.
Summary of Major Changes to The CALL

Reappointment for Assistant Professors

Appointment of an Assistant Professor is typically made for a maximum term of two years with renewal occurring biennially at the conclusion of a positive merit evaluation. Alternatively, an Assistant Professor may choose to submit a reappointment file in lieu of a merit file during any period of merit eligibility. Assistant Professors who receive a denied merit are reappointed for only one year and are required to submit a review file the following year. The candidate may elect to submit a merit consideration or a reappointment, provided a mandatory (7th year) promotion to tenure is not due.
Possible outcomes of a reappointment review are 1) a positive review resulting in a two-year appointment extension; or 2) non-reappointment with a terminal year. In the latter case, the procedures as outlined in APM 220-84 will be followed.

If an Assistant Professor does not provide the required material to prepare a merit or reappointment file, the Department Chair will inform the Dean and the VPAP in writing and detail the circumstances. In the absence of unusual mitigating circumstances, the preliminary consideration will be for non-reappointment with a terminal year and the procedures as outlined in APM 220-84 will be followed.

Appraisals

An appraisal review may lead to a recommendation for a non-reappointment. If so, procedures as outlined in APM 220-84 will be followed.

If an Assistant Professor does not provide the required material to prepare an appraisal file, the Department Chair will inform the Dean and the VPAP in writing and detail the circumstances. In the absence of unusual mitigating circumstances, the VPAP will determine whether a recommendation for a non-reappointment should be considered.
Summary of Major Changes to The CALL

Quinquennial Reviews

All tenured faculty members, including those at open steps (Professor Step V and above), are required to be reviewed every 5 years (APM 200-0 and 220-8-b).

Possible outcomes: Satisfactory, Satisfactory with Qualifications (new) or Unsatisfactory.

If a candidate does not provide the required materials to prepare a quinquennial file, the Department Chair will inform the Dean and the VPAP in writing and detail the circumstances. In the absence of unusual mitigating circumstances, the candidate’s performance will be deemed unsatisfactory.
Summary of Major Changes to The CALL

Conflict of Commitment Filing (APM 025)

Conflict of Commitment Reports (APM 025-20-b) do not need to be forwarded but may be included at the discretion of the candidate. If Conflict of Commitment reporting has not been filed for the entire review period, the review process will not move forward until such reporting has been filed. Candidate must sign C-9, Candidate Statement for Conflict of Commitment Report.

Clarification: If a report was filed for 7/1/09 – 6/30/10 and the other previous years of review, the requirement has been met and the file would not be held up. The 3-month period 7/1/10 – 9/30/10 does not require an additional report.
